Fitness Centre & P1 Changeroom Reopening

We are pleased to advise that the Fitness Centre and P1 Changerooms at Livingston Place will reopen on July 6th. As always, QuadReal's top priority is the health and safety of our customers and our employees. As such, we have implemented a number of new protocols in each of these facilities to provide an environment that is as safe as possible for all users.

Prior to accessing either facility, we will require the attached Facility Waiver Agreement signed and returned to AccessControl.Calgary@quadreal.com. Kindly indicate in your email if the waiver is for the Fitness Centre, the P1 Changeroom, or both. Once received, access will be added to your access card.

Fitness Centre Information

Please find attached information regarding the new protocols in place in the Fitness Centre, as well as Booking Information. Should you have any questions regarding the Fitness Centre reopening, please contact Braden Wenaas at LIV North at bwenaas@livnorth.com. or lpfitness@livnorth.com

P1 Changerooms and Showers

A capacity limit of 4 has been set to ensure proper physical distancing in the facility. Magnets will be provided at the entrance door (or users are welcome to bring their own magnets) and are to be used to visually indicate how many people are currently inside the changeroom. Please ensure you follow the instructions posted at the entrance door to increase health and safety as well as efficiency for all users.

Complimentary towel service will be available. Common use items such as hair tools, shampoo/conditioner/bodywash, irons/steamers, and coat hangers will remain out of service at this time. Lockers will also remain out of service. Changeroom information and use guidelines are attached for your reference. Should you have any questions regarding the Changeroom reopening, please contact Ronald Cheung, Assistant Property Manager at Ronald.cheung@quadreal.com or 403-202-7910.

We value and appreciate the role you play with us to implement new, best practices and improve them together. If you have any feedback, questions, or concerns, we welcome you to contact a member of our QuadReal Property Management team at your convenience.
